Okay Village Plan for Future

May Solve Traffic Problems

The adoption of the new Comprehensive Plan for the Village of Antioch was recommended at Monday night's village board meeting.

The trustees voted to have Atty. Andrew C. Lynch prepare an ordinance so the plan can be adopted at an upcoming village meeting.

The plan was prepared by Harland Bartholomew and Associates of Northbrook and thoroughly studied and revised by the village planning commission.

THE PLAN is a guide for the future use of land, for possible major thoroughfares that might solve present traffic problems, and includes other recommendations that will help create the Antioch of 5, 10 and 20 years from now.

"The purpose is to provide a guide for the coordinated and harmonious development of the village and environs," the planners state. "While the preparation of the comprehensive plan is a necessary first step, the execution of the plan must be made a continuous part of the day-to-day activities of

Antioch Couple Killed in Crash

A well-known Antioch couple was killed last Thursday night in a head-on collision on a Grass Lake Road Curve, east of Deep Lake Road.

They were James P. Palm, 52, and Elaine E. Palm, 48. They lived at 514 Lake St.

The driver of the other car, Robert Malusky, 29, of Gurnee, also was killed.

Oscar Lind, Lake County coroner, described the accident as one of the worst he has seen in several years.

All of the victims were pinned in their cars, he said, and special equipment had to be used by the Lake Villa Rescue Squad to remove them from their demolished vehicles.

All three were dead on arrival at St. Therese hospital in Waukegan.

The Palms were driving west on Grass Lake Road, appar-

ently returning to Antioch. A witness told sheriff's deputies that Malusky's car burst into flames when the automobiles

collided.

Deputies said the cars collided almost six feet inside the

westbound lane.

The Palms had been residents of Antioch since 1943. They are survived by a son, Kenneth, and his wife, Kathleen.

Mr. Palm was a route delivery man for Interstate Bakery Company. Mrs. Palm was cashier of the First National Bank of Antioch since 1971. She joined the bank in March of 1967 as a teller with five years experience in banking and was initially promoted to assistant cashier in 1970.

Mrs. Palm was a graduate of the Illinois Bankers School and many other trade association schools. She was past convention treasurer and member of the National Association of Bank Women, Association of Chicago Bank Women, and Credit Women's Club.

She was currently recording

CLC Offers Career Workshop

The College of Lake County is sponsoring a two-part Career Workshop on Mar. 30 and Apr. 6, and Apr. 1 and 6.

The program is free and open to all Lake County citizens from high school age to senior citizens.

CLC counselor Frank Nickels said the purpose is to help people learn more about themselves and possible careers.

"Many persons are doing work they really do not enjoy," Nickels said. "They never took the time to fully investigate their interest, values, aptitudes and career opportunities before

they started working."

There is a limit of 30 participants, so interested persons are encouraged to register in advance in the CLC Admission office.

secretary of the Antioch Women's Club and a member of the finance committee of the Antioch Methodist Church. She was also an interested participant in the activities of the Lake County 4-H clubs.

She had worked with her husband in the restaurant business since 1943, and since 1962 had been in the banking industry in the Antioch area.

Mrs. Palm also is survived by a sister, Mrs. Henry (Mildred) Stasch, Chicago.

Mr. Palm also was a member of the Methodist Church in Antioch. He had served with the U.S. Air Force. Mr. Palm operated Tom's Restaurant at

Route 173 and 59 until 1950. He owned and operated the Omar Bakery Home Delivery Service until 1957. He operated the Picnic Basket Restaurant until 1958 and since then had been a route delivery man for the Interstate Company.

He is survived by two brothers, Edward Palm, of Morton Grove and Douglas Palm, of Grayslake. He was preceded in death by his brother Henry (Hank) Palm, formerly of Antioch and Florida.

Services were held Monday at 12 noon at the Barr Funeral Home, Colonial Chapel, 532 Lake St., Antioch. Rev. Steve Williams, Pastor of the Antioch Methodist Church, conducted the chapel service.

Interment was private. In lieu of flowers donations may be made to the Antioch Rescue Squad.

Mr. Malusky had been a resident of Gurnee for the past 4 years and was a former resident of Spring Grove. Mr. Malusky was a member of the Lake County Board of Realtors.

He is survived by his widow, Cynda (Radner) Malusky; 2 daughters, Tara, age 5 and Samantha, age 16 months; his parents, Joseph and Florence Malusky of Spring Grove; and a sister, Carole Janapoluos of Bloomington.

Funeral Mass was at St. Bede's Catholic Church in Ingleside. Interment was in the Church Cemetery.

Engaged

Mr. and Mrs. Paul E. Dye of Antioch have announced the engagement of their daughter, Julie Ann, to Doug Lindom, also of Antioch.

Mr. Lindom is a graduate of Antioch High school and is the son of Mr. and Mrs. Arnold Lindom.

Julie Ann will graduate from Antioch High School in June. No date has been set for the wedding.

The Town Crier

Would you really like to know what the future holds?

We have received a press release from Rev. Dallas Turner of Reno, Nev., who says he has been accurately predicting future events since he was a child.

"I don't know how I do it," he says. "I just go into a deep trance and the spirit reveals things to me."

Another one of those psychics, Dr. Turner predicts that these things will happen in the next three years:

Jackie Onassis will marry again!

I see troubles for a son of the late Robert Kennedy!

More plots to assassinate President Ford!

Betty Ford, wife of the president, will become very ill.

I see more troubles for Charlie Rich!

I see more shocking news about the political (and private) lives of the late Robert Kennedy and the late President Kennedy. These stories will involve one or both men with women, secret love affairs, etc.

Chappaquiddick and the Mary Jo incident will be back in the news. I see more smear campaigns in an effort to destroy the political career of Ted Kennedy.

Richard M. Nixon will never make a successful "comeback" in public life!

HOGWASH! REV. TURNER can't convince me he's psychic ... because I happen to be better at that stuff than he is. For example, I know the secret

Rescue Squad Was Kept Busy Last Weekend

The Antioch Rescue Squad made eight calls in a four-day period last week, Wednesday through Saturday.

The volunteer squad members were called out five times on Friday.

Most of the calls were for first aid and one included rushing a woman, about to have a baby, to Great Lakes hospital.

The Antioch squad has already made 146 calls since Jan. 1 of this year.

Canada Strains Our Friendship

By SEN. BARRY GOLDWATER

Although many Americans are concerned about bad relations between this country and Canada, the problem doesn't seem to bother Canadian Prime Minister Pierre Trudeau.

In fact, the top Canadian official seems determined to go out of his way to offend American officialdom. This was underscored during a recent visit by Trudeau to Cuban dictator Fidel Castro.

TRUDEAU'S VISIT came at a time when America's relations with Communist Cuba are perhaps worse than at any time since the Russian missile crisis of 1962.

Castro's meddling in Angola, where he supplied a 12,000-man

Communist combat force, has drawn sharp criticism from both President Ford and Secretary of State Henry Kissinger.

President Ford has gone so far as to brand Castro "an international outlaw" and charged him with committing a "flagrant act of aggression" in the Angolan civil war.

Mr. Ford warned that the United States will not tolerate any similar armed incursion by Cuba in the Western Hemisphere.

IT IS DIFFICULT to understand how Pierre Trudeau could have picked a more unfortunate time to deliver a 20-minute speech in Cuba hailing Fidel

BARRY GOLDWATER

Castro and urging a long life for Cuban-Canadian friendship.

In fact, Trudeau's warm response to Cuban overtures

rings as discordantly in American ears as did Charles de Gaulle's famous "Vive Quebec libre" shout some years ago in Canada. His words, of course, ran counter to official Canadian policy and were seen as encouragement for a separatist movement.

If Canada wants to maintain friendship with the United States, Trudeau would do well to conduct his Cuban antics with more restraint.

Small Town Charm Still Influential

Chicago (NFS) — While more Americans are living in cities than ever before, the charm of small town life still exerts a powerful influence on the national psyche. And perhaps the greatest impact of all comes from images of the sleepy rural town of the mid-1800s with its general store, hotel, blacksmith shop, sheriff's office, and a handful of other establishments.

A NEW SURVEY has scored a minor victory for our campaign against that unnecessary piece of men's clothing known as the necktie.

The study showed that persons observing students wearing neckties rated them as more "intelligent, serious-minded and conservative." But not as "open-minded" as the person not wearing a tie.

But I can promise you that these things WILL HAPPEN in 1976:

Richard Burton and Elizabeth Taylor will make up again, split up again, make up again, split up again ...

An Antioch man will tell his wife about his terrific idea for painting their house and she will scream: "Red, white and what!?"

A lady trying to make a left turn off Broadway, onto Lake Street, will be there for 12 hours and her family will call the police to report that she is missing.

A young punk, high on marijuana, will injure some local police officers, finally be subdued and taken to jail, and get off with a slap on the wrist.

Village trustees Bill Seemann and Mike Haley, the best of friends, will stage some stirring debates at village board meetings.

The Antioch firemen will lose to the village employees in their annual softball game, but the firemen will drink the most beer at the post-game party.

At the Antioch Lions Club picnic in August, a little boy carrying a huge heap of cotton candy, will run smack into my clean shirt.

Correction

In a letter to the editor in last Week's Antioch News, we regret that a word accidentally was omitted.

Ann Kaiser of Antioch, urging people to "get out and vote against home rule," said:

"Let them know they need not declare themselves to vote on the home rule issue." The word "not" was left out of that sentence. Sorry.

State Sales Contest: Antioch Student 2nd

Roger Aronson, a member of Antioch High School's distributive education program, placed second out of 115 Illinois high schools in the sales demonstration contest held at Springfield.

The contest involves selling a product to a customer in front of judges who evaluate the salesman's approach, product knowledge, presentation of merchandise, customer involvement, ability to answer objections,

suggestion of additional purchases, and salesman's departure.

Each sale must be completed in seven minutes or less.

Roger sold an assortment of leisure suits and related shirts from B.J.'s Fashions for Men in Antioch, where Roger works as a salesman in conjunction with the high school's distributive education program.

Roger sold his products twice before the judges. The first time the judges determined the top 15 state finalists in the sales contest. The top 15 finalists then sold their products again so the judges could determine the top three state winners.

Roger received his second place medallion and trophy

before hundreds of fellow Illinois distributive education students at the awards banquet which concluded the three-day contest.

Roger received his training and experience in selling through a variety of activities prior to his participation in the state contest. He studied salesmanship as part of his coursework in the high school's distributive education program.

He received direct training and selling experience under the guidance of Mr. William Patterson, Manager of B.J.'s, where Roger has worked for the past two years. A number of past alumni of the distributive education program also gave their time in helping Roger prepare for the contest.

His is the highest award ever achieved by an Antioch student in distributive education state competition.

—Service Is Best And Cars Cost Less**

ANTIOCH HIGH SCHOOL sophomore Leland Sarmont, 23 Prospect Ave., displays his second-place winning entry, an electronic induction furnace, in Illinois Institute of Technology's third annual High School Engineering Fair. Chicago area high school students entered nearly 100 exhibits and papers in the Fair.

George Hahn Is Now Accutron Technician

George Hahn, owner of Hahn Jewelers, 913 Main St., Antioch, has been named a certified Accutron repair technician by the Bulova Watch Co.

Certification came after Mr. Hahn completed a special training program and examination covering the complete line of Accutron products. Service on quartz watches was included.

Inquiries to the factory from local customers will be referred directly to Hahn Jewelers.

Hahn and his family attended the 1976 Spring International Jewel Trade Fair and Conference in New York City. They toured New York, visited the Statue of Liberty, the Empire State Building, Harlem and took in shows and hockey games.

As the result of trade show viewings, Hahn added to the store's large gem stock includ-

ing rare black opals, tanzanite, an African gem from an extinct mine, and tsavorite, a new African gem, plus rubies and sapphires.

Names in the News

WILLIAM BEESE, son of Mr. and Mrs. Earl Beese of Antioch, is being recognized at an Honors Day at Southern Illinois University for maintaining a near-perfect grade average.

Friends are invited to attend the ceremonies on Apr. 4 at Southern Illinois University in Carbondale. Call the Guidance Department at ACHS if interested in attending.

Tickets Going Fast for VIP Event on Mar. 27

St. Peter's Rectory and the Antioch banks have reported record advance sales of tickets for St. Peter's Bicentennial VIP Dinner-Dance, to be held on Saturday, Mar. 27.

If ticket sales continue at the present rate, all 500 will be sold long before the Mar. 22 ticket deadline, said co-chairman Betty Hope.

The Antioch Community will

honor Herman Holbek, "Mr. Rescue Squad."

"He is a true example of the pioneer spirit of America," Mrs. Hope said. "Herman recognized a great need within the community and gave his all to the founding, organizing and leadership of the Antioch Rescue Squad. Because the idea of a rescue squad was without precedent in 1939 in the state of Illinois, Herman and his associ-

ates, L.D. Powles and Herman Rosing, met with much skepticism and resistance. But their perseverance paid off, and Antioch now has the best trained and finest equipped rescue unit in the state."

Tickets are available at the State Bank of Antioch, the First National Bank of Antioch, the Antioch Savings and Loan Assn., or St. Peter's rectory.

Kindergarten Registration Begins Apr. 5

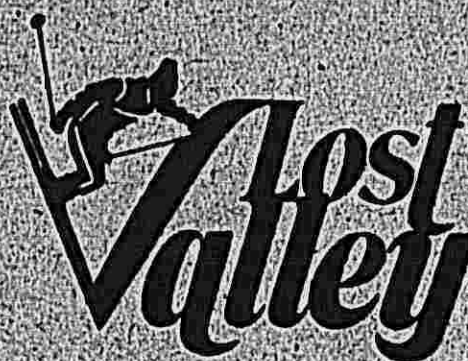

District 34 kindergarten registration for next year will be held at Antioch grade school, Channel Lake grade school, and Oakland grade school on Apr.

5th through Apr. 9th, from 9 a.m. to 1 p.m. each day.

If you cannot register then please call the school where your child will attend and make

arrangements. The fee is \$12.

Please bring your child's birth certificate, baptismal certificate, or hospital certificate.

CHANNEL LAKE CHATTER

By LOUISE GUTOWSKI

Skip and Carol Whitton hosted a bicentennial party for some of their family and friends last Saturday. Games were played and a delicious buffet supper was served along with the flowing liquid refreshments.

The guests had a great time and presented their host and hostess with some beautiful gifts in observance of their 25th wedding anniversary, which Skip and Carol celebrated on Mar. 10.

Belated birthday wishes to Joe Gutowski who celebrated his 40th on Wednesday, Mar. 10. The day wasn't all that great for Joe, as he spent it in bed with the flu.

A DOUBLE celebration was celebrated by former resident Ted Portalski and his wife Carol on Monday. That was Ted's birthday, too.

Although Ted has lived in Tacoma, Wash. for several years he still enjoys the Antioch News every week. Another birthday will be celebrated on St. Patrick's Day by Carol Whitton. Best Wishes to all of you!

Get well wishes to Bernice Kozial, who is a patient in Victory Memorial Hospital, and to Wade Hucker who is home recuperating after spending nine days in the hospital with bronchial pneumonia. Get well soon.

Sue Runyard was the guest of honor at a baby shower last

Thursday evening. The shower was hosted by Sue's co-workers at the Illinois Bell business office in Antioch.

Betty Schneider, Enid Bartlett and Ellen Petersen of Lake Villa, Mary Ellen Weinholtz of Bristol, and Dee Navik and this reporter spent the past weekend in Joliet, competing in the state bowling tourney.

Our bowling was nothing to brag about, but the group is eagerly awaiting a trip to Denver, Colo., in May to bowl in the national tournament. But we plan to practice a little bit first.

KATHY ROGERS and her mother, Harriet Runyard, along with Marie Hucker, spent some time in Arkansas last week.

The ladies went south to check on the Hucker property and have a short vacation. They are now back home waiting for spring to arrive.

Marie, who has been living down in Arkansas, is now staying at the Runyard home while looking for a place of her own in our area.

Don't let the flu bug get you and LET ME KNOW THE NEWS.

St. Patrick, patron saint of Ireland, was not Irish. His father was a Roman official and he was probably born in Wales.

Antioch Residents Meet Betty Ford

The Antioch Mental Health Association was represented last Friday when President Ford's wife, Betty, dedicated the first residence of The Lambs, Inc., of Libertyville.

Representing the Antioch group, which often makes contributions to The Lambs, were Thelma and Elroy Anderson.

The Lambs is a private, non-profit organization providing activities for moderately mentally retarded young adults. They have a 49-acre farm in Libertyville.

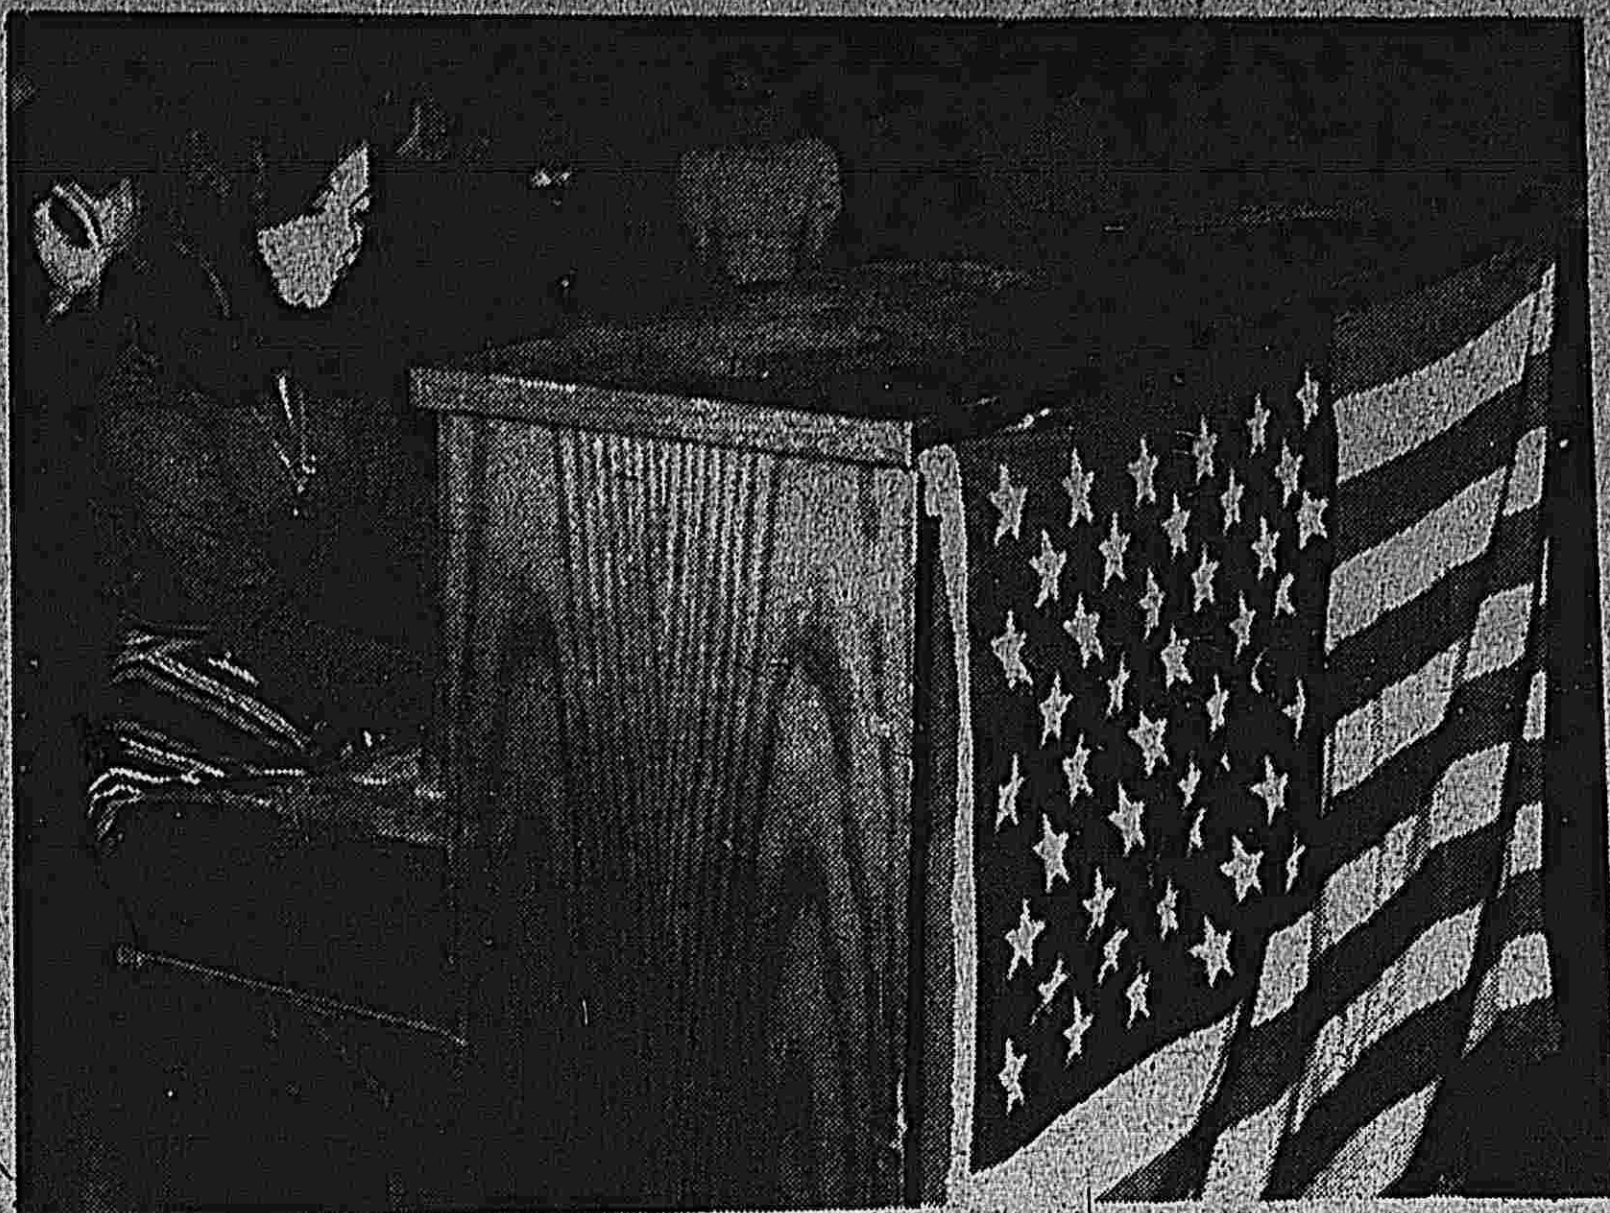

Mrs. Ford was pictured the next day, in Chicago and Waukegan newspapers, holding a small puppy. The puppy was one of seven given to the farm by Mrs. Raymond (Dee) Lewis of Antioch. Mrs. Lewis also is a member of the Mental Health Association.

Mrs. Ford also received a rock, on which Priscilla Smith of Antioch had painted miniature portraits of the President and his wife.

"She made me look very pretty," Mrs. Ford commented. Priscilla is one of four Antioch women who recently opened the "Frame of Mind" art gallery in Richmond. The others are Ellen McDowall, and Grace and Kathy Strahan.

Galoshes were originally *galoches* the wooden shoes the French court wore to protect their silken shoes.

WITH A FLAG-DRAPED PIANO, for bicentennial effect, pretty Julie Koss played "Für Elise."

LET US REFRESH YOUR MEMORY

Remember How Things Were Back in 1934

By BETSY ROSSEN

In the past few months we've taken a gander at life over the years in our village, as recorded in the Antioch News. But the back issues also serve as a mirror on national life.

What was happening country- and worldwide in 1934? A good indicator is a former News feature, "The Camirror," which appeared in the spring issues of that year. With photos and captions it focused on interesting people and events. Such as:

Famous character actor-comedian and his wife, Mr. and Mrs. John C. Butterworth, Jr., found their 39-cent Univex Camera a big joy despite its size. Univex is one of the very newest auto "accessories." Its exposures enlarge eight times the original size. Every Los Angeles policeman is equipped with one. Universal Camera Corp., New York, turns out thousands daily.

"Perpendicular drinking" is here. For the first time since 1918 lucky folks are enjoying their cocktails standing upright at the bars of New York.

GEORGE HAAB, Virginia's champion harmonica player, hopes to challenge all oncomers for national laurels. He is heard every Wednesday on the Corn Cob Pipe Club programs which originated at the country crossroads near Richmond, Virginia.

A modernistic new building at the 1934 World's Fair in Chicago will contain exhibits showing Armour and Company's modern methods which bring tasty, wholesome meats to every section of the United States.

Marie Dressler, beloved veteran of the stage and screen, goes in for a bit of bicycling and gets as much fun out of it as any Wampas Baby.

A former U.S. Senator, Col. Luke Lea, is now in prison stripes, as is his son. The former Tennessee publisher and political leader is at the Raleigh, N.C., prison following conviction on banking law violations.

George R. Pond, former Navy flier, and Cesare Sabelli started the trans-Atlantic flight season

when they took off from Floyd Bennett field for a trip to Rome, 4600 miles away, and landed in Moy, Ireland.

THE LONE EAGLE, Charles Lindbergh, turned down the invitation of Secretary of War Dern to serve on the committee named to study the Army's operation of the air mail.

The day of the hour-glass figures for opera stars is gone. Miss Grace Moore is the leading exponent of the new order. On her vacation at Palm Spings, Cal., recently, she spent many

BETSY ROSSEN

hours on the tennis courts and in bicycle riding for figure's sake.

New York Yankee manager McCarthy expects to strengthen his infield and his team's

pennant hopes with Jack Saltgaver, Red Rolfe and Don Heffner.

George Gershwin, famous modern American composer of "Rhapsody in Blue," is now a full-fledged radio star on the Feenamint program.

The former Crown Prince Leopold has recently been crowned Leopold III, King of Belgium. His wife is the former Crown Princess Astrid of Sweden.

BABE RUTH is giving away 900 balls and 100 gloves to kids each week in his present radio

program series for the makers of Quaker Puffed Rice and Wheat.

Broadway's famous Chester Hale girls, who train like athletes for their strenuous dances, refresh themselves with kaffee hag in their dressing room back stage between performances. As a matter of fact, coffee free from caffeine is a great favorite in theatrical circles.

Escalators go modernistic! Stream lines, gay lacquers, and polished metals have been used

Emmons PTO Plans Fashion Show Apr. 8

The Emmons PTO has announced the models for its annual fashion show, "Spring Fashions '76."

This year's dinner and fashion show will be held at the Brae Loch Country Club, Thursday, Apr. 8th, at 6:30 p.m.

Modeling the latest spring fashions from Stanley's Men's Fashions and the Four Squires of Antioch will be:

Linda Browne, Margaret Sexton, Jeanne Lindgren, Jeanie Cilik, Sharon Kildahl, Marilyn Yates, David Berchtold, Harry Lindgren, David Lagerstrom, Clay Hamlin, Jim Hamlin, Stan Totten and Mark Crawford.

Tickets will be sold in advance only by calling Judy Nauman at 395-0957. There will be many prizes donated by local merchants.

Bogart Movies At CLC

The College of Lake County films committee is presenting a free Humphrey Bogart double feature on Friday in the Blue

Lecture Hall. The public is invited.

"Black Legion" (1937) with Ann Sheridan starts at 7 p.m. Bogart is cast as an ordinary workman who, when passed over for a job, joins a secret Klan-style organization preaching hatred for all "foreigners."

Mary Astor and Sidney Greenstreet teamed with Bogie in 1942 to make "Across the Pacific." Starting at 8:30 p.m., this World War II film featured a Japanese plot to bomb the Panama Canal.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - New enterprises are in the offing but don't act on impulse alone. Good results can come from those inspiring ideas if work isn't delayed by inconsistency.

TAURUS [April 20-May 20] - Don't allow emotions to interfere with decision making; keep affairs on a strictly business level. Keep a watchful eye on personal possessions.

GEMINI [May 21-June 21] - Important contacts can be made by attending meetings and circulating socially. A favorable time to make short trips or a vacation which can provide new perspective.

CANCER [June 22-July 21] - Get domestic affairs in order; patch up differences with relatives. A good week to consummate pending matters. Listen to the advice of an older person.

LEO [July 22-August 21] - Social and romantic activities hold precedence now but don't neglect important business obligations. Before speculating on risky new deals look at all the details carefully.

VIRGO [August 22-September 22] - By keeping things organized your chances for misunderstandings with co-workers are less likely. You can handle work with more efficiency now so proceed with confidence.

LIBRA [September 23-October 22] - Use caution when considering partnership possibilities; before signing binding contracts or agreements obtain legal advice. If close associates oppose your plans act without assistance.

SCORPIO [October 23-November 21] - Strive for a congenial relationship with mate; gains come through a mutual effort. Don't trust strangers with confidences. Avoid legal entanglements which may become too involved.

SAGGITARIUS [November 22-December 20] - As views are more philosophical you may desire the companionship of intellectual peers. Taking up a new course of study can provide some enlightening.

CAPRICORN [December 21-January 20] - Recognize your objectives and use your talents to make progress. By re-organizing your work schedule you can devote more time to promote those personal aims.

AQUARIUS [January 21-February 19] - Take full advantage of friendships; those close to you can be easy to talk to so don't hesitate to ask for advice. By expanding your horizons you increase opportunity for advancement.

PISCES [February 20-March 20] - Although civic affairs can provide an excellent outlet for pent up energy the pace can become too demanding. Try to reach a happy medium.

I never saw a moor,
I never saw the sea;
Yet know I how the heather looks,
And what a wave must be.

I never spoke with God,
Nor visited in heaven;
Yet certain am I of the spot
As if the chart were given.

THAT'S ENTERTAINMENT is the name of the 11-piece orchestra, featuring seven Antioch musicians, now performing at Lost Valley.

Local Musicians Are 'Big Band' At Lost Valley

"That's Entertainment," an 11-piece orchestra featured at Lost Valley in Spring Grove, makes its headquarters here in Antioch and has seven local residents among its number.

The orchestra, under leader Jason Williams, features authentic music from the big band era and delights crowds with its renditions of such classics as Glenn Miller's hits, "In the Mood," and "Chattanooga Choo Choo."

Local musicians contributing to the unique sound of "That's Entertainment," include guitarists Pete DesBiens and Cesar Bustos, trumpeters Gil Povillaitis and Bill Gable, clarinetist Dick Phelps and percussionist Randy Rich.

Other personnel include keyboard man Dennis Strause of Waukegan, sax player Kurt Yost of Libertyville, and trombonists Mark Swanson of Deer-

field and John Mose of River Grove.

Leader Williams says that while the average age of his musicians is a youthful 24, they play the original big band arrangements with a real "old-timer" feeling.

Although the band's size is somewhat smaller than the original "swing" bands, two trumpets, two trombones, sax, clarinet, bass, rhythm guitar, drums and keyboard create all the elements of the big band sound.

Williams, a native of England, provides the vocals in a style reminiscent of the sounds of old radio, in addition to a dose of "proper British humor."

A record album, "That's Entertainment, live at Lost Valley" will soon be released.

Area residents can enjoy the talents of their fellow townsmen at Lost Valley Tuesday through Saturday, now through June 20.

Laurie Good Singing at North Central

Laurie Good, daughter of Mr. and Mrs. Stuart Good, 422 Harden St., Antioch, is a member of the Madrigal Singers at North Central College in Naperville.

The singing group consists of highly selected musicians who present programs of madrigals, glees, canzonets, and other songs, dressed in 16th century English costumes made especially for the group by an Italian seamstress.

A graduate of Grant High School, Miss Good is a senior at North Central, a four year liberal arts college.

Art Show Nears

Amateur artists of Lake County are looking forward to the 1976 Town and Country Art Show to be held Mar. 31 and Apr. 1 on the Lake County Fairgrounds.

All entries must have been made since March of 1975, the time of the previous show.

Artists can submit up to three entries, including original paintings, photographs and other art items.

A list of rules can be obtained by writing the Lake County Extension Service, 310 N. Highway 45, Grayslake, Ill. 60030, or by calling 223-8627.

Quality Parts And Service

Jerry Kerrigan - Owner

You can mow your lawn quickly and with ease, when you have your mower sharpened and serviced at **QUALITY PARTS AND SERVICE** at 4262 "Old" Grand Avenue in Gurnee, phone 336-1718.

They are your authorized sales, parts and service center for Briggs and Stratton, Tecumseh, Wisconsin, and Kohler engines, and for Toro, Lawnboy, Snapper rider and mower and also the McCulloch generators and chain saws.

The blades of your lawn mower must be sharpened and adjusted regularly to allow your mower to do its job properly and with the minimum amount of effort on your part. Many times blades will be damaged or dulled when your mower hits sprinkler heads, rocks and other objects. This also knocks the blades out of adjustment, making mowing a difficult task to you.

Let them put your mower right again. Their service is fast and economical.

Power mowers need special care and periodic service. Take yours to them for cleaning and adjustments to keep it in proper condition. Get it ready for next year. Call today and arrange to have this work done as soon as possible.

QUALITY PARTS AND SERVICE will also service your snowblowers and tractors. Bring them in and have them put into top condition.

For expert authorized reel and rotary lawn mower blade sharpening and general repairing of snowblowers and tractors, the editors of this Consumer Review suggest that you contact this firm.

MODERN HOME BUILDERS

Guy Lolmaugh - Owner

Thinking of a new home? Many folks in the Waukegan area have been looking to the **MODERN HOME BUILDERS** at 1722 Washington Street, phone 662-2577, for that extra measure of service that many construction companies fail to offer. You, too, can always do better when you trust your new home to the best. They can also handle your remodeling needs. Architect planning is available, also low interest FHA financing.

It's a well known fact that most contractors offer a limited selection of plans and specialize in only a few standardized styles of homes. If you're the type of person who clings to his individuality and wants a home that is unique from all the others in the area, then you should call this innovative firm and just see what they have to offer in terms of distinctive residences.

The **MODERN HOME BUILDERS** will be happy to show you "what's happening now" in the way of custom homes. The writers of this Consumer Review don't think you'd want to settle for less than the best.

Six Counties Join To Develop Plans For Bicentennial

Six counties in two states straddling the Missouri River have joined forces in their effort to commemorate the nation's 200th birthday.

One result will be a fountain built in the river as a symbol of friendship between the people of Iowa and Nebraska. The Friendship Fountain will be reminiscent of the windmills of prairie-land days, according to the sculptor, Isamu Noguchi. The area adjacent to the park, between Omaha and Council Bluffs, will be developed as a park with camping, eating and recreational facilities.

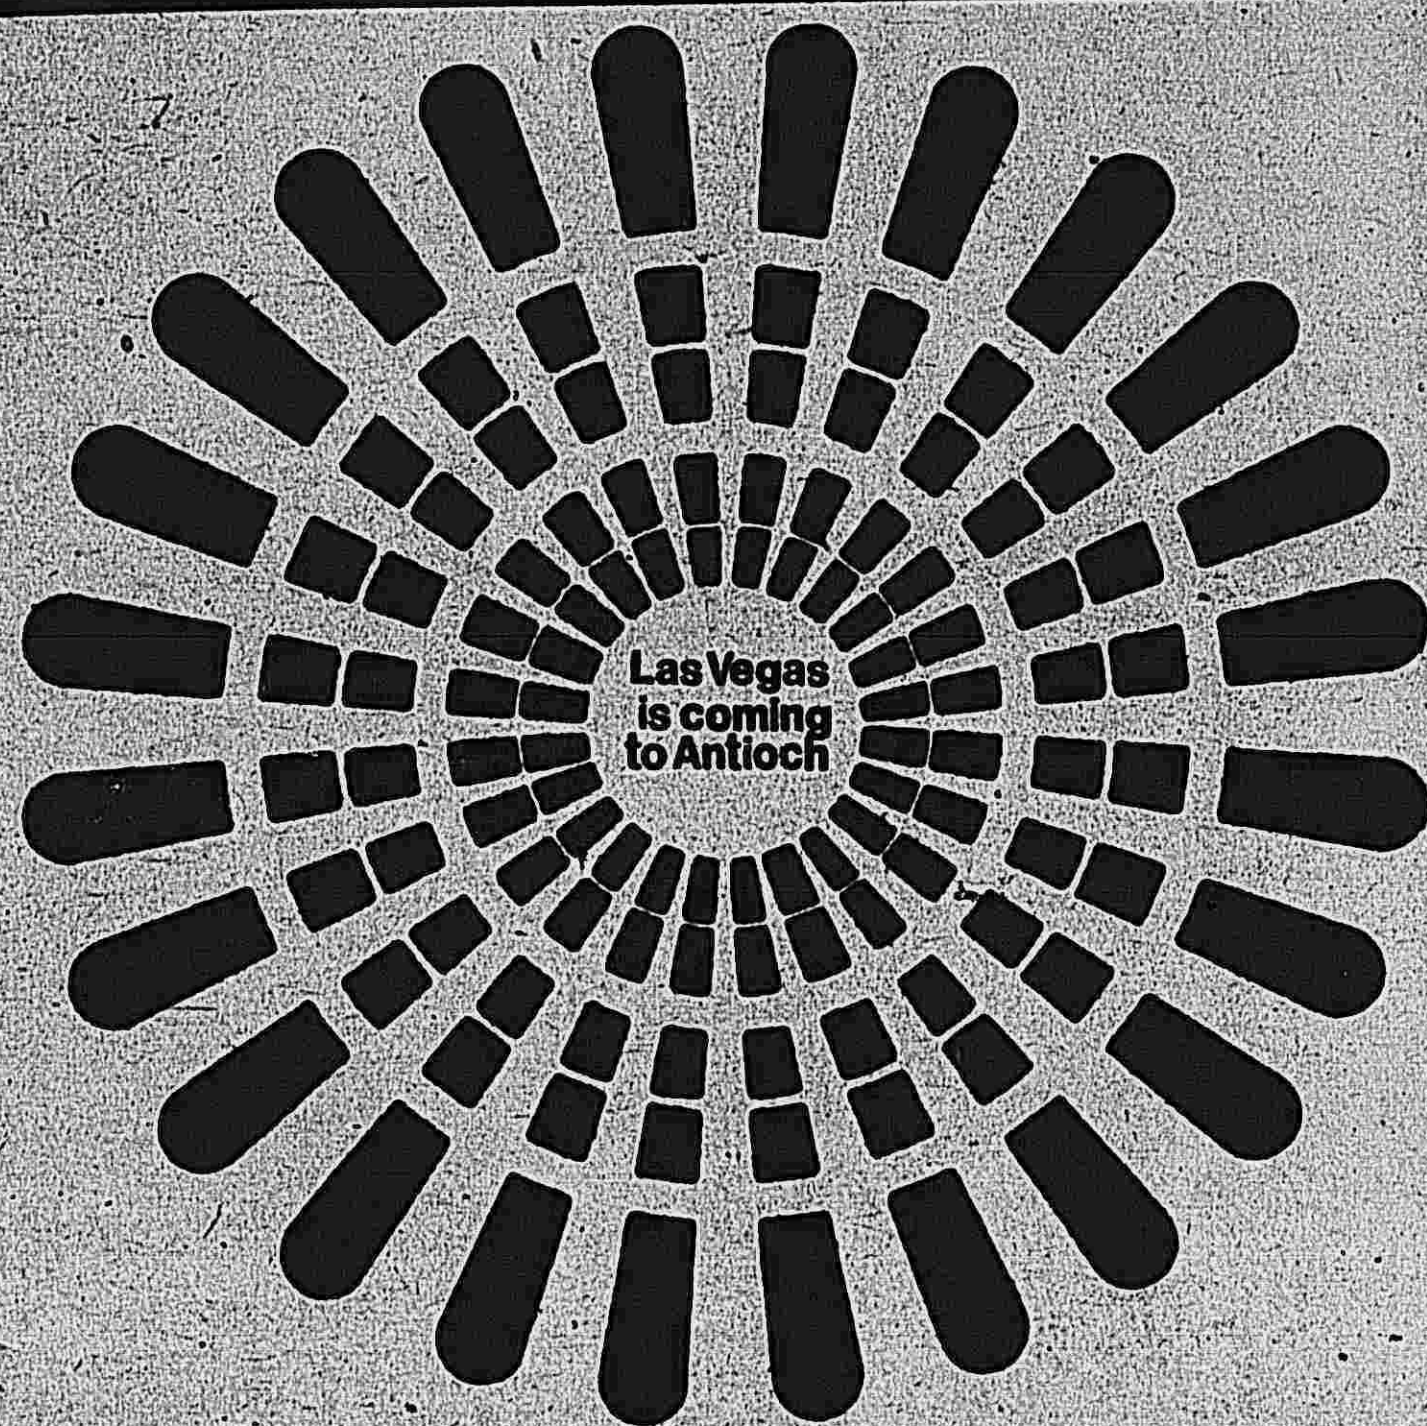

The counties that have formed the Midlands Riverfront Bicentennial Alliance are Harrison, Mills and Pottawattami in Iowa, and Washington, Douglas and Sapry in Nebraska. Each county has previously been designated as an official Bicentennial community by the American Revolution Bicentennial Administration (ARBA).

All six counties will create hiking, biking and horseback riding trails along both sides of the river.

Students in Speech Contest

Five students from Antioch High participated in the Illinois High School Speech Association district contest at Buffalo Grove.

Shelly Nelson presented her original oration, entitled "Dignity," and Carolyn Nauer

presented a cutting from "Moon for the Misbegotten."

Jennifer Beese interpreted a scene from "Of Thee I Sing."

Ina Buckner was a contestant in the verse reading event, and Kathy Dunn competed in prose reading.

Fun at the Fun Fair!

THERE'S ALWAYS SOMETHING fascinating about throwing bean bags through a hole. (Maybe adults should try it instead of tranquilizers.) This was one of the contests at Sunday's Fun Fair at the Antioch Lower Grade School. Running the booth in the background was Linda Plett.

THE HEAT PUMP

A new era in home climate control begins

About forty-five years ago, scientists began developing a revolutionary heating device that uses the heat of the earth's atmosphere. They called it a heat pump. Today, it is the only commercially available heating system that provides an answer to shrinking supplies of fuel oil and gas.

How the heat pump works.

Basically, the heat pump moves heat from one place to another. Using electricity to run the device, it extracts heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat. And during warm weather, the process automatically reverses, removing excess indoor heat and humidity—like an air conditioner.

Better efficiency.

In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. The heat pump produces more than 1½ units of heat energy for every unit it consumes. That's better efficiency than any other current heating system.

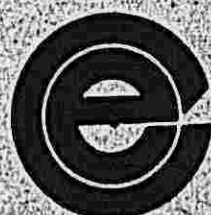

It's ready.

It's ideal for new homes because it won't be obsolete in ten years. It's not dependent on the fossil fuels that may not be available in the future. To the homeowner, that means significant long-term savings on heating costs.

The heat pump is a big step in the conservation of scarce fuels. And here in northern Illinois, the electricity you would use to capture the heat comes mainly from coal and nuclear energy, rather than scarce oil and gas.

To get the full advantages of the heat pump, it's important to get a quality product, properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer (Westinghouse Distrs.), (312) 374-4411, or General Electric Co., (312) 496-6356. If you want additional heat pump information, call your local Commonwealth Edison office and talk to our marketing engineer.

The Big Apple:

Who planted "The Big Apple"?

All of a sudden, The Big Apple — another name for New York City — is everywhere! You read about it in newspapers and magazines, and you see and hear about it on TV and radio. Big Apple neckties, T-shirts, buttons, banners, lapel stickers, drinking glasses, napkins, matches and shopping bags are sprouting like...well...apple seeds!

Where did it all begin? We at the N.Y. Convention & Visitors Bureau began our

Charles Gillett:
He Planted The Big Apple

Big Apple campaign to let the world know that New York City has a new and brightly polished image," says Bureau President Charles Gillett. "Everyone is invited to visit us and take a bite!" he adds.

"The term, The Big Apple, has its roots, going back many years, in the entertainment and sports world," Mr. Gillett says. "To jazz musicians, sports figures, and show business people, there are many apples on the tree, but to play in New York City is to play The Big Apple."

The Big Apple, according to Mr. Gillett, "is both a city motto and a proud boast. When people call New York City The Big Apple, they mean that this is where the action is...this is The Big Time...this is Number One."

ROLLING MINIATURE CARS down an obstacle-ridden track were (from left) Kyle McNatt, Richard Jablonski and Jennifer Jablonski. "Dad," Bruce Jablonski, seemed equally concerned with the tricky game at the Lower Grade School's Fun Fair.

MILDRED HARAWAY was in charge of the "Ball Toss" game at Sunday's Fun Fair at the Lower Grade School.

Kelly Gets Appointment To Annapolis

Congressman Robert McClory (R-Ill.) has announced the appointment of Kevin Kelly, Grant High School sports star from Lake Villa, to the United States Naval Academy at Annapolis, Md.

Kevin is a senior at Grant, where he was an all-conference guard in basketball and won several awards as quarterback of his school's championship football team. In addition, he maintained a high academic average.

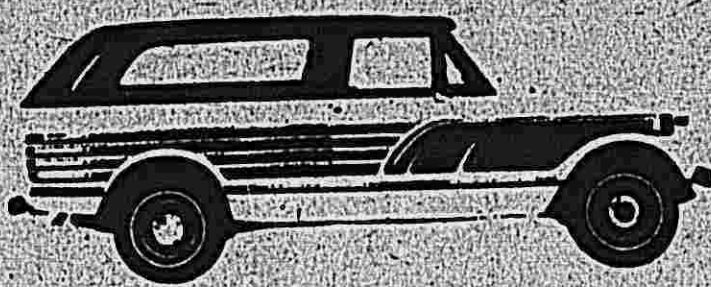

Kelly is to report to the Academy on July 6 to enter with

the class of 1980. Upon graduation, Kevin will receive a commission and serve as an officer in the United States Navy.

Young men and women high school students who are interested in a career in the Navy, Army or Air Force, can write to Congressman McClory during their junior year to request his nomination. Letters should be sent to the Congressman's office: 2452 Rayburn House Office Building, Washington, D.C. 20515

Girls Basketball Teams Win 3 Games

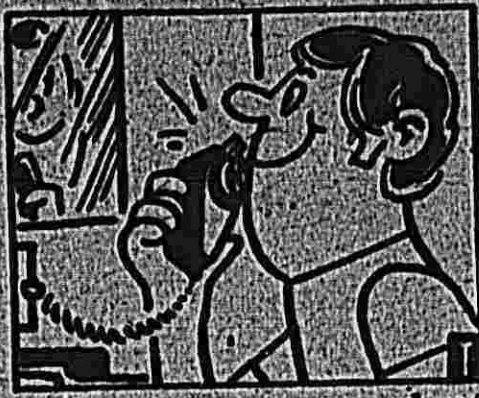

The Antioch High School girls basketball played at Woodstock recently and junior varsity lost its undefeated status as a last second shot rimmed the basket.

The varsity fared better with a strong 43-19 showing. The team started fast, scoring 17 points in the first quarter. LuAnn Oddsen was top scorer with 11, followed by Kim Case, Michele Blanchette and Nora Kiliokaitis with 6 each. The starters played only 1½ quarters and the reserves played the

rest of the game.

Last Saturday, both teams beat Cary-Grove. Led by Cathy Aschbacher's 15 and Julie Lytle's 8, the junior varsity won 34 to 18. Wynn Vos contributed excellent rebounding to the cause, her coaches said.

The varsity started fast with 15 points in the first quarter. Michele Blanchette led the team with 8 points, followed by LuAnn Oddsen with 7 and Sharon Kurzlin and Sue Amundsen with 6.

However you go about keeping in trim, play the skin-care game. That includes little-by-little tanning to avoid overexposure to sun, ray-filtering face lotions for outdoor wear and a balanced, skin-building protein diet. From there on, shaving should be smooth, close-hauled sailing. And men should remember, a close shave means a near miss, if they have anyone in mind.

For Antioch Frosh Successful Season

Antioch's freshman basketball team completed a successful season by posting a record of 14 wins and eight losses.

The frosh tied Warren and Grant for the unofficial league title with an 11-2 record. It was the second consecutive title for Coach Norm Hahn's freshmen.

Season team statistics show Antioch averaged 47 points per game while opponents averaged 40. Other statistics show Antioch out-rebounded opponents on the average 37 to 27; shot 43 percent from the field (opponents 38 percent); and shot 49 percent at the free throw line (opponents 53 percent). An average of 13 assists per game attest to the team play of the Sequoits.

In conference play Antioch averaged almost 49 points and 37 rebounds a game. Opponents averaged 34 points and 25 rebounds.

"A" team statistics show the following: Leading scorers - Mike Lischewski, 360; Chris

Oddsen, 135; Greg Bodin, 111; Roger Korjenek, 85; Scott Gallagher, 85; Dave Gutowski, 77; Bill Ranker, 49; Roger Plechaty, 45; and Chuck Gleason, 30.

Leading rebounders: Oddsen, 218; Lischewski, 170; Bodin, 73; Gallagher, 72; Ranker, 59; and Korjenek, 54.

Leading in assists: Lischewski, 57; Gutowski, 50; Bodin, 49; and Plechaty, 41.

Other players on the "A" team were Dan Crichton, Jeff Thiel, Chuck Kempf and Peter Ploss.

The "B" team also had a successful season, with 12 wins and 7 losses. Against conference teams the young Sequoits were 10 and 3. The team averaged 45 points per game while opponents averaged 33.

Team members were Lino Altieri, Nick Carl, Tom Connelly, Steve Dauck, Jack Fields, Steve Gebauer, Tim Knutson, Rob Nauman, Bob Sertic, Pat Sikorski and Kevin Walsh.

Wilmot Track Opens Apr. 17

Stock car racing opens on Saturday night, Apr. 17, at the Kenosha County Speedway in Wilmot.

It will be the 26th year of racing there, and will also mark the return of open-competition stock car racing to the track.

The open-competition policy at Wilmot started in 1950 and consisted of old souped-up cars with fenders removed.

The open competition this year, promoted by Toft Auto Racing of Antioch will allow cars of any super-modified type with less restrictions on size of wheels, tires or chassis. Engine sizes will be unlimited as they have been for several years. Safety of cars will continue to be a major requirement.

This change will see the return of some of the drivers who have not been active at Wilmot in recent years. Roger Iles, Waukegan, plans to return and compete in his super low-profile car. Dick Kabina, Greenfield, Wis., who owns a championship car driven by Dick Duston, also plans to return to Wilmot racing. However, Duston will not be the driver. He retired from competition following a bad accident at Wilmot in 1974.

The track's 1975 champion, Dick Colburn, Muskego will be on hand as well as most of the top finishers of last year.

Car Show Apr. 2-4

The excitement of Waukegan stock car racing begins with the annual race car show at the Belvidere Mall (Route 120) Apr. 2-4.

On Saturday night, Apr. 10, and Sunday afternoon, Apr. 11, the Waukegan Speedway will be the first area track to host late model and hobby stock car racing.

One driver who plans to be on hand is George Winnet. Winnet, who drove in the hobby stock division last year, will graduate to the late model division this year.

Encouraged by nine victories, two of which were feature firsts, and a second place finish in hobby stock point standing at Waukegan Speedway, the 34-year-old Winnet plans to run a 1967 Camaro this season.

Two money-saving tips for homeowners

Too many homeowners have outdated insurance on their property.

So a fire, a storm, vandals or burglars can destroy or steal more than your insurance covers.

With the cost of construction and repairs going up fast, it pays to update your homeowners coverage now.

It'll pay you to check with your Country Companies agent, too. Because in most cases, he can give you the coverage you want for less with a Country Mutual homeowners policy.

The Country Companies. We're a little different than most insurance people.*

Quick Quiz!

1. What watch doesn't "tell" what time it is?
2. What giant retailing chain began its career by selling watches?
3. What's the most accurate watch you can buy?

ANSWERS
1. The solid state digital watch. It displays numerals, rather than "read" the time so you really "tell" the time in the traditional sense.
2. Sears, Roebuck and Co., back in 1886.
3. Again, the solid state digital. The best digital that Sears sells, for example, are warranted to be accurate within three minutes a year for a period of three years from date of purchase.

BAGGAGE TIPS - We, even as a travel agency, care about your luggage.

If it is taken care of properly by you the traveler, then you won't come back to the travel agent with the problems.

You can help to handle it promptly and safely by following these simple tips:

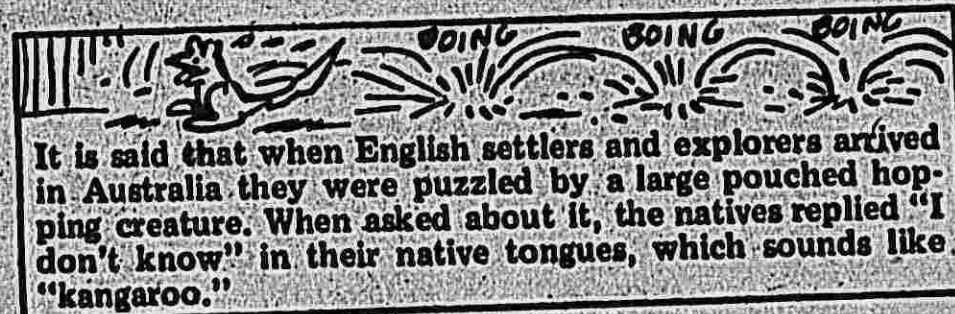

Attach a baggage identification label with your initials to the outside of each bag and a label with your complete name, address and phone number to the inside of each bag.

Choose bags which will properly protect the contents to withstand normal handling. Avoid overpacking your bags. Never place money, cameras, binoculars, tape recorders, fragile or valuable items such as jewelry in luggage you plan to check.

Carry medicines, passports or valuable papers in hand luggage. Always lock your baggage.

Free baggage allowance - For domestic travel (not part of an international trip), two checked

bags not to exceed 62 and 55 inches respectively in overall measurements plus one or more carry-on items which will fit under your seat. For international travel, 66 lbs. (30 kilograms) for each first class ticket, or 44 lbs. (20 kilograms) for each economy ticket. Additional baggage may be checked at a nominal excess baggage charge. Wheelchairs are checked free and carried in the Cargo compartment.

Clean Air Act Needs Changes

The National Association of Manufacturers has asked Congress to amend the Clean Air Act to permit the use of alternative or intermittent air pollution control measures.

In a statement submitted to a Senate environmental pollution subcommittee, the NAM noted the suggested amendment "would be in line with the sound philosophy that the proper role of government is to set standards, with industry left free to work out the most effective means and methods to achieve the standards."

This approach would achieve air quality benefits at least cost, and would balance economic, energy and environmental considerations, according to the statement.

Industry supports the extension of the Clean Air Act.

OBITUARIES

ALOYSIUS G. KONITZER, 67, of North Highway 59, Lake Villa, died Thursday, Mar. 11, at Condell Memorial Hospital.

He was born in 1908 in Chicago. He was a member of St. Bede's Catholic Church in Ingleside. He had been a resident of the Lake Villa-Antioch area for 26 years. He was the founder and past president of the Catholic Funeral Directors Guild of Chicago.

He is survived by his widow, Barbara, four sons and one daughter.

Funeral services were from the Barr Funeral Home, 532 Lake St., Antioch, on Saturday, Mar. 13, and then to St. Bede's Catholic Church, Ingleside, for Requiem Mass. Interment was in all Saints Cemetery in Des Plaines.

MR. ARTHUR TRIEGER, 76, of Grass Lake Road, near Antioch, died Wednesday, Mar. 3, at home.

He was born Feb. 3, 1900 in Antioch and had lived in the area all his life. He was a 54

year member of the Sequoit Masonic Lodge Number 827 A.F. and A.M. of Antioch; retired Rural Mail Carrier Association; the Lake-Cook Farm Bureau; the Illinois Conservation Club and Ducks Unlimited. Mr. Trieger worked for 37 years as a rural mail carrier out of the Antioch Post Office. He married Selma Hachmeister on June 30, 1927 in Antioch.

He was preceded in death by one sister, Pearl Nugent in 1947. Survivors include his widow, Selma; one son, Ralph B. (Corinne) Trieger, Mount Prospect and three grandchildren.

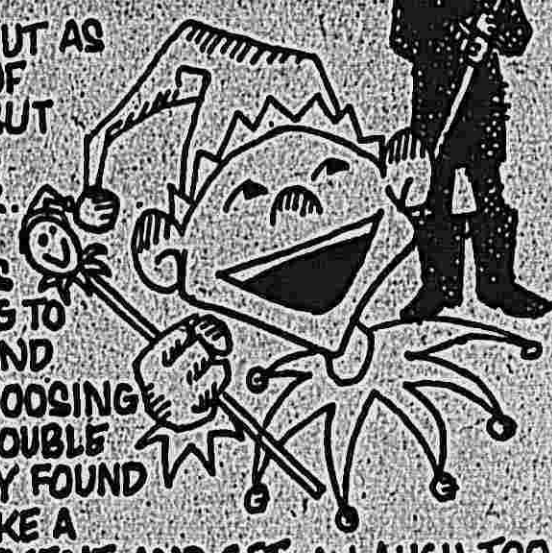

Funeral services were held from the Strang Funeral Home, 1055 Main St., Antioch with Reverend Rowland Koch of the Arlington Heights Congregational United Church of Christ officiating. Interment was in Grass Lake Cemetery near Antioch. Memorials in Mr. Trieger's memory may be made to the Antioch Rescue Squad, Ducks Unlimited or your favorite charity.

Village Board

the plan commission and the village board."

ONE OF THE topics of recent village meetings has been a feasibility study of a parking lot behind the stores on the east side of Main St.

The firm of Harland Bartholomew and Associates has offered to do the study for between \$2,500 and \$3,000, but the village board is still waiting for an offer from another firm.

THE CHAIRMAN of the planning commission, Ken Wierschem, mentioned some new considerations at Monday night's meeting.

He said the building on the east side of Main St., now housing Antioch Carpeting, might be for sale and the site might eventually be considered for parking space.

Wierschem also said that Antioch's planning commission will meet next Tuesday with its

counterparts from Lindenhurst and Lake Villa.

"We'll show them the slide presentation on our village plan," he said, "and we'll also talk about mutual concerns ... the main idea is to reopen communications between the three communities."

IN OTHER action, trustee Mike Haley said the three bids for village garbage removal are still in committee, but should be brought to the floor at the Apr. 5 meeting.

Building permits were approved for the Trac Corporation for the Ace Hardware store it is planning to build at the inter-

section of routes 173 and 59. Work on the land has been underway for several weeks.

Joseph Huber was hired to work for the village street department for \$4.90 an hour. Haley said the department has lost two other employees, creating the need for a new man.

Haley said the village also has agreed to assist residents in the area of First St. and Phillips Circle to solve their storm water problems. A pond developed in their backyards after the heavy rainstorm of Mar. 4.

TWO RESIDENTS of the Little Silver Lake area, Wayne Erickson and Nick Gilio, appeared at the meeting to complain about flooding of property - "particularly Ed Olsen's."

Erickson said the land is now sloping from the Waste Management landfill toward the property of nearby homeowners, creating the flooding. He said that an 8-foot berm (or bunker) was supposed to have been built, and that the village was to have planted trees and shrubbery on it. But this protection has not been given, he said, so the water flows toward Little Silver Lake instead of toward Antioch.

Trustee J. Irving Walsh said he would investigate the situation.

Henry Gillman of Edgewood Drive complained of cars viola-

ting stop signs and traveling at high speeds in the Oakwood Knolls subdivision.

Mayor Robert C. Wilton said it would help if Gillman could obtain the license plates of the cars.

Gillman also said that packs of four or five dogs were running loose in the subdivision and said he feared that dog packs might be a danger to children.

Wilton said the village would cooperate if notified on these occasions.

THE NEXT meeting of the plan commission will be held Apr. 8 at 7:30 p.m., instead of Apr. 1 as previously scheduled.

The trustees will hold their usual committee meetings next Monday night.

Rattlesnake Vigilance

The rattlesnake symbol appears again and again in early American flags. A flag of this type was the standard of the South Carolina Navy; one of its variants was the emblem

of the Culpeper Minute Men of Virginia.

According to the U.S. Marine Corps Reserve, one writer of the time quaintly stated that as the rattlesnake's eye exceeded in brightness that of any other animal, and she had no eyelids, she might therefore be esteemed a symbol of vigilance; that inasmuch as she never began an attack, nor, when once engaged, ever surrendered, she was therefore an emblem of magnanimity and true courage.

It was probably the deadly bite of the rattler, however, which was foremost in the minds of its designers.

SAFETY TIP

When a young woman is selecting her engagement ring, she should be sure to give the stone—usually a perfectly cut, perfectly clear white diamond—all the protection this valuable token of love deserves. This means that the ring should be strong as well as beautiful. How can a diamond be forever if the ring which holds it isn't?

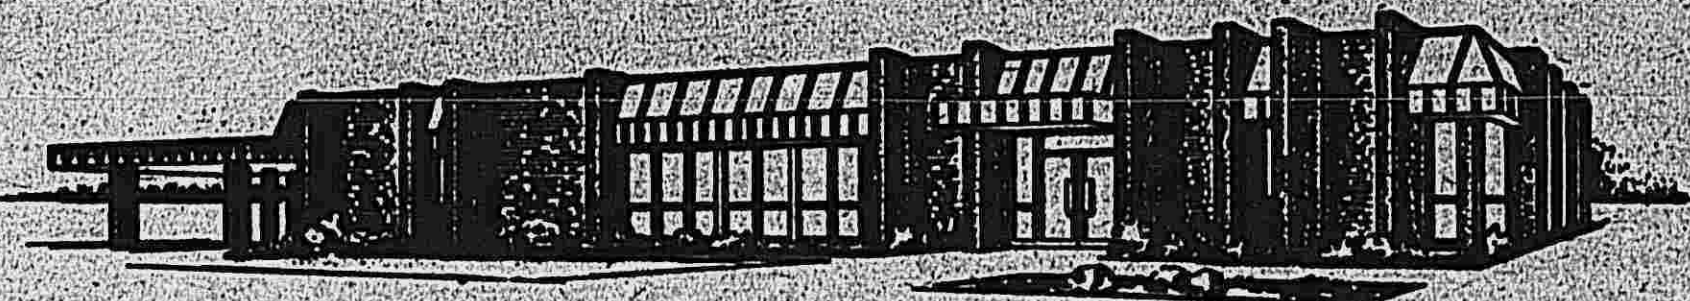

Since platinum is stronger than other fine metals, it can hold the precious stone most safely and securely.
